

Dashboard

This is the first page you come to once you log in. This page consists of tiles, organized by family member, of all current season registrations. On each tile, there may be a brief description with a link to view the Program details. If there are any events scheduled, the upcoming event will display here. There are also some actions such as RSVP'ing, messaging, sharing, and even leaving if you have not paid yet.

The dashboard for Johnnie Walker shows a welcome message and four main action tiles: REGISTER, CALENDAR, MEMBERSHIPS, and LEAGUES. Below these are two enrollment cards. The first card is for 'BLUE BALLERS (ISS) MON C1', showing a next event on 9/25/2020 at 5:00pm and a 'PAID' status. The second card is for 'OVER 40', showing a next event on 10/4/2020 at 9:20pm and a 'DUE' status of \$150.00. A family balance of \$163.41 is displayed at the bottom left.

My Profile

From the Profile page, you can edit the contact details of your profile and/or your children. This includes details such as email address, phone, street address, emergency contact, primary location, communication preferences. However, you cannot update birthdates. This can only be done on the Admin side of Dash. Another part of the MyProfile section is adding new children to the parent's account.

The 'My Profile' page for Johnnie Walker allows for account management. It includes a 'MANAGE FAMILY ACCOUNTS' section with a dropdown menu and an 'Add Child' button. The 'MY DETAILS' section contains form fields for: EMAIL (sports-it.com), PASSWORD (with a 'Change password' button), FIRST NAME (Johnnie), LAST NAME (Walker), ADDRESS (123rd Ave SE, Bellevue, WA), HOME PHONE ((800) 881-6515), CELL PHONE, GENDER (Male), BIRTHDATE (1/1/1972), EMERGENCY CONTACT (Jack Daniels), and EMERGENCY PHONE ((800) 881-6515). Red arrows point to the 'MANAGE FAMILY ACCOUNTS' dropdown and the 'Add Child' button.

Activities

The Activities section includes a table with a list of upcoming events for all family members and another table for past events.

Drop In

Drop-In Events

Programs that are setup as a "Per session" and offer customers the ability to choose selected days to register for will display in this area. This is intended for Daily Programs such as Soccer Drop In sessions, Public Free Skate sessions, or daily camps. Click [here](#) to learn more about this feature.

The screenshot shows the 'Drop-In Events' page. On the left is a dark blue sidebar with a user profile for 'Johnnie Walker' and a navigation menu including Dashboard, My Profile, Activities, Registration, Drop-In Events, Rentals, Calendar, Memberships & Passes, Leagues, Contact, and Billing. The main content area is titled 'DROP-IN EVENTS' and features a date selector for November 22-25, a filter button, and a map of the Redmond area. Three event listings are shown, each for 'Public Skate Sessions (Weekends)' at \$10.00 in Redmond, with 'Add to cart' buttons.

Rentals

When Online Reservations or Bookings are turned on and setup on the Admin side, customers can search for open field time to reserve or book directly through Dash Online.

The screenshot shows the 'Rentals' page. The sidebar is identical to the previous page, but the 'Rentals' menu item is highlighted. The main content area is titled 'RENTALS' and contains a search form with fields for Location (Redmond), Type (Large Field), Amenities, Start Date (11/13/2020), End Date (11/27/2020), and Minimum Duration. A 'Time of Day' field and a 'Days of the Week' selector (with Monday selected) are also present. A 'Search' button is located below the form. The results section shows 'RESULTS FOUND: 2' and lists two rental options: 'Main Redmond Field' with 6 spots open at \$100.00 and 'LAX Redmond Field' with 11 spots open at \$100.00. Each listing includes an 'Instant Booking' button and a 'View more' button. A map of the Redmond area is visible on the left side of the results section.

Calendar

This page will allow you to filter to display any published event on a specified date or range of dates in a location. It can even be filtered by an event type (game, class, etc).
